

## Choice

Because auto glass is an important part of your clients' vehicles safety system, don't take chances with an inadequate or faulty installation job.

## Windshield repair

With the assistance of our Glas-Weld technology to repair windshields, we can significantly reduce auto glass expenses. Promptly repairing chips and cracks will extend the life of your clients windshield and is an important maintenance consideration. If your client is not satisfied with the results of the repair, we will apply those costs against the installation of a new windshield.

## The right price

For your clients that do not have full glass coverage or have a deductible, Rightway Auto Glass can provide competitive pricing for all their auto glass needs. Your customers will get the highest quality workmanship and materials available, outstanding customer service and the safety you both insist on.

## Make the right choice

Keep your clients safe by making sure their auto glass is crack free. The professionals at Rightway Auto Glass are here to help.

Call us today to learn more about how we can help you with all your auto glass needs.

We're the clear choice  
for all your clients' auto  
glass needs

## A strong partnership

Your main concern is the safety and satisfaction of your clients. Rightway Auto Glass will take care of your clients as intently as you do.

## Your clients deserve the best

Keeping your clients on the road with safe, superior, professionally installed auto glass is the clear advantage you will have when referring them to the experts at Rightway Auto Glass.

We are dedicated to helping you provide superior customer service to your clients for all their auto glass claims needs.

## Easy claims process

The auto glass claims process is very easy with Rightway Auto Glass. Simply have your client call us, we will get their insurance policy information, date of loss, type of glass claim, and call into the insurance claims center with them on the line. You will not have to worry about our glass replacement claims cost, as Rightway Auto Glass is a preferred provider with many insurance companies.

"Rightway Auto Glass is a company that goes above and beyond customer expectations. I couldn't be happier with the results of their work."

Valerie M.

## Expert technicians

The professionals at Rightway Auto Glass are NGA certified, well trained and continually educated on new techniques. We follow the Auto Glass Replacement Safety Standards (AGRSS) for all windshield installations and use only PPG OEM quality glass. We provide a lifetime limited warranty on all our auto glass installations for as long as your client owns or leases their vehicle. We want you and your client to be completely satisfied with the work we do for them.

## Reliable service

Rightway Auto Glass prides itself on providing outstanding, personal service to our partnering insurance agents and their clients. We guarantee convenience of scheduling, high quality installation and, above all, safety. We promise to get your client's vehicle back on the road quickly with superior service, second to none. Rightway Auto Glass is a certified PPG Prostar facility with the trusted Good Housekeeping seal of approval.

## Continuing education benefit

As an insurance agent, providing good customer service is important to you. Referring your client to proven experts is a way for you to grow your business through satisfied clients.

At Rightway Auto Glass we are dedicated to outstanding customer service in many ways. Valuing the partnership we have with our insurance agents, we are proud to offer continuing education classes to help fulfill your required CE hours.

This benefit is provided through our relationship with Kaplan's Virtual University. The CE program gives you access to 85 Property and Casualty approved CE courses you can take leisurely in the convenience of your office or home.
